

BOOTS 2 BUSINESS FAQs

As you prepare to make one of the biggest decisions of your life, you deserve all the answers. If you are considering the Boots 2 Business program, chances are you might have some concerns and questions. Ask us! If you cannot find an answer to what you're looking for here, please contact us: info@vetpreneur.org

Your program information states that all costs will be assumed by the Boots 2 Business program. Does this include travel and lodging while attending the residency portion of the program?

Yes. It is our position that through your service to your country, you have already earned the price of admission. We have assumed the responsibility to raise the necessary funds to cover all costs associated with the Boots 2 Business program. Travel expenses, lodging, meals, and the cost of the program itself will be funded by V.E.T.S, Inc. and its supporters for those students accepted into the program.

You require two letters of recommendation: why? And who should these letters come from?

Starting a business is hard. The Boots 2 Business program was developed and designed as an intense, rigorous program positioned to help those individuals with a drive, determination, and passion for business ownership take the first steps toward that goal. As such, we are seeking applicants who have demonstrated such drive and determination in their approach to life and work. Letters of recommendation can come from personal or professional sources, such as from current or former co-workers, supervisors, counselors, etc. Both of the Letters of Recommendation will assist us in the admissions assessment. Letters of recommendation from family members are strongly discouraged.

I have special dietary requirements. Can these be accommodated?

Yes, we will make every effort to accommodate these requests.

How will I get to and from the airport?

Transportation will be provided throughout the Boots 2 Business program for our delegates.

Do I need to have a college degree, or have taken some college courses, to attend?

No. The Boots 2 Business is designed to take any students who qualify for the program, regardless of prior educational experiences, through the steps and stages of starting a new business.
